Proposal Summary:

Libertas Academy (Calaveras County) is seeking associate membership effective the start of the 2023-24 school year.

Fiscal Impact:

None

Rationale:

Libertas Academy has served students TK-8th grade, in Calaveras County, since 1991. Four (4) years ago they added grades 9-12 and have been building their athletic program. They are now ready to transition to participating against CIF member schools, thus are seeking associate membership. Their high school enrollment for the 2023-24 school year is anticipated to be 19 with a 3 year projection of 60 high school students, and a total school enrollment (TK-12) of 170.

They intend to offer the following sports during their inaugural year (23-24):

FALL

Cross Country-B

Cross Country-G

WINTER

Wrestling-B

SPRING

February 1, 2023

Dear CIF Sac-Joaquin Section,

Enclosed is our application for the an Associate Membership. We are a private school that has served students TK – 8th grade in Calaveras County since 1991. Four years ago, we added grades 9 – 12 and have been building our athletic program. Our current total enrollment from TK – 12th grade is 170 students.

We hired an Athletic Director for the first time this year, and put together a girls volleyball team as well as a boys flag football team, and played against other private schools across the valley. We wish to make the transition to playing CIF schools in our area, and have adjusted our funding and coaching staff to reflect that.

We are currently building a wrestling program and have recruited coaches in several sports. Because our enrollment is small, we recognize that we will be competing in “individual” sports.

Our current enrollment is 19 students in our high school. We have established some enrollment initiatives and according to our strategic plan team, our anticipated three (3) year enrollment is projected to be 60 students.

We intend to field the following sports for the 2023 – 2024 school year:

Fall: Boys Cross Country, Girls Cross Country

Winter: Boys Wrestling, Girls Wrestling

Spring: Boys Track and Field, Girls Track and Field

Libertas Academy commits to following all of the CIF and SJS rules, as well as any applicable league rules and regulations.

Enclosed is our application, our affidavit, and the fee of \$200.00. Additionally, we will email this application to Karen Johnson per the application packet requirements.

Thank you for considering our request,

Holly Kalton

Athletic Program Goals and Objectives

We are a private school serving 180 students in Calaveras County for the last 30 years. We added a high school four-years ago and are building an athletic program. We wish to begin competing in individual sports against area schools. Our students already compete in grades 5 - 8, but we want to make this available for our high school students as well. We have hired an Athletic Director and have begun funding to make sports available for our upper grade students.

Proposal Summary:

Approval of the Revised Sac-Joaquin Section 2023-2024 Sports Calendar.

Fiscal Impact:

NA

Rationale:

Staff provides the SJS sports calendar one year in advance so that leagues and member schools have the opportunity to plan well in advance. This calendar contains, for each sport by season: number of allowable contests; start date; first scrimmage date; first contest date; SOP date; last contest date; seasonal period opportunities (dead, limited, out-of-season).

Since being approved at the April 6, 2022 Board of Managers meeting, staff has added girls flag football, made two (2) adjustments to the winter soccer season and one adjustment to competitive sport cheer, in the spring.

➤ **Girls Flag Football (Fall) - Added**

➤ **Soccer (Winter)**

- ✓ Last contest date moved from February 8, 2024 to February 6, 2024.
- ✓ SOP date moved from December 29, 2023 to December 28, 2023.

➤ **Competitive Sport Cheer - Stunt (Spring)**

- ✓ Last contest date moved from April 24, 2024 to April 23, 2024.

CIF-SJS SPORT CALENDAR ADDITIONAL INFORMATION

1. DEAD PERIODS

- i) Dead periods will adhere to Bylaw 504.8. The preseason dead period begins with the date listed and continues until the first day of practice. The end of season dead period begins with the school's last contest and continues through the date listed.

2. LIMITED OR OUT OF SEASON PERIOD

- i) Each school must choose either "Limited" or "Out of Season" for each of its sports during this period and be bound by the rules in this document.
- ii) During the limited period, practice is allowed Monday–Friday for 1.5 hours/day. Saturday practice may be extended for up to 4 hours. However, a maximum of 8 hours/week is allowed, including Monday-Saturday. Sunday practices are not allowed.
- iii) No outside competition of any kind is permitted during the Limited Period.
- iv) All football activities must meet the provisions of CIF Sac-Joquin Section bylaws 2003.1, 2003.2 and 2003.3.

3. OUT OF SEASON

- i) Out of Season activities must be sponsored by an agency not under the authority of the CIF as specified in Bylaw 504.7 and 504.9h. If this option is chosen, the use of school equipment is not permitted, any facility usage must be approved by school district administration, and the group must provide proof of insurance.
- ii) All football activities must meet the provisions of Sac-Joquin Section bylaws 2003.1, 2003.2 and 2003.3.

4. SUMMER

- i) Summer (See Bylaws 501F and G and 504.7b and c and 504.9i): The Sac-Joquin Section will be dark from June 1 (with the exception of Bylaw 2003.2) until the first day of fall practice. Therefore, all athletic activities during this time period shall be under the authority of each league and/or school district.
- ii) All football activities must meet the provisions of Sac-Joquin Section bylaws 2003.1, 2003.2 and 2003.3.

5. LAST CONTEST DATE

- i) The Last Contest Date is the last day permissible for any regular season competition, practice or activity in that sport as determined in the Sport Calendar.

6. END OF SEASON DEAD PERIOD

- i) The end of season dead period begins immediately following the last contest date for each respective sport. Coaches and their athletes are not allowed to participate in club activities together during this time. The same rules as the preseason dead period apply. (Bylaw 504.8b)

7. TOURNAMENTS - CONTACTS

- i) Basketball - One (1) contact for each game.
- ii) Golf - Tournament count as one (1) contact per day.
- iii) Soccer - One (1) contact for each game.
- iv) Tennis - One (1) contact for each game.
- v) Volleyball - 1 Day Tournament counts as two (2) contacts
- vi) Volleyball - 2 Day Tournament counts as three (3) contacts
- vii) Water Polo - One (1) contact for each game

8. Conditioning/Weight-Training can be done year-round.

CIF State Executive Committee Nominee

Name: Kelly Freeland-Sloat

Organization/Position: CIF Executive Committee

CIF Section: Northern

EXPERIENCE

Education Administration/ Teaching Positions

Athletic Administration/Oversight

I attended UC Davis where I played volleyball and majored in Psychology and English.

I began my career in education thirty years ago as an English teacher and a Resource Specialist working in Galt, Woodland, Smith River, and for over the past 23 years, in my hometown of Fall River.

I became an administrator thirteen years ago serving as Vice Principal, Athletic Director, and now, Principal of Fall River Junior Senior High School.

Other professional positions related to education-based athletics

I was the head volleyball coach at Fall River High School for thirteen years, helping our student athletes to earn multiple league and section championships. I was named Coach of the Year for the Northern Section and I earned the CIF Model Coach Award for the 2015-2016 school year. I have served as the Shasta Cascade League President and have been the Northern Section Volleyball Representative. I currently serve on the Executive Committee for the Northern Section and am a member of the CIF Federated Council.

CIF State Executive Committee Nominee

Name: Neezer McNab

Organization/Position: Past President, Board of Managers

CIF Section: Los Angeles City Section

EXPERIENCE

Education Administration/ Teaching Positions

Athletic Administration/Oversight

First, I would like to say that I am honored to have been nominated to serve for a second term on the CIF State Executive Committee. To better understand who I am and what I'm about I would like to give you a brief history of my experiences. Over the course of my educational journey I have held the positions of physical education teacher and high school coach representing several different sports for both male and female athletes. Since 2002 I have held the position of assistant principal. At present I am the assistant principal at Taft High School in charge of athletics where I am currently overseeing the rebranding and overhauling of our entire athletic facility. While coaching I was honored to be awarded the girls soccer coach of the year in 1995 by the Daily News and a Los Angeles County certificate of recognition from the city council recognizing my contributions as a coach for the girls track & field team at the state level in 1997. In 2001 a few years after the birth of our second child my coaching career took a back seat as both my husband and I coached and I made the conscious decision to be the one who was driving our kids back and forth to their youth practices where they were fortunate enough to conclude their athletic careers at the collegiate level. This history is important to know because I bring the experiences of a parent who has first-hand knowledge of how student/ athletes benefit from athletic participation and what it takes to be successful in both the mental and physical arenas and a coach who has coached both boys and girls. I believe it is imperative that as a state we continue to build robust programs that benefit all of our diverse socio-economic student groups to give all students every opportunity to experience an inclusive and enriching high school journey. Because of my past experiences and current position I believe that I will continue to bring meaningful and varied points of view to the conversation. In conclusion I have benefitted on a personal and professional level from my time on the executive committee and will use these experiences to continue to work on behalf of all of our student/athletes regardless of the outcome of this election.

Thank you to all of you who put in the work everyday on behalf of our student/athletes in the state of California.

Proposal Summary: The 2023-2024 proposed budget projects income of \$7.01 million and expenses at \$6.95 million. More information, including details of the proposed changes, can be found in the 2023-2024 proposed budget notes page.

CIF State Overview 2023-2024

The charts contained in the subsequent pages summarize our income and expenses over the past ten years in following categories; overall income and expenses, regional and state championships, legal and liability income as well as legal and insurance expenses.

Our income continues to see gradual increases now approaching over seven million dollars, due to increasing championship events and our statewide corporate sponsorship contract with PlayFly. The only exception to this was in 2019-20 and 2020-21, where we saw a decrease in overall revenue and expenses, specifically regional and state championships income and expenses due to the COVID pandemic.

Our legal, liability, and insurance costs continue to grow each year. The insurance conditions and risk associated with our market continue to see increasing trends which leads to increased liability and insurance premiums. Again, there was an exception to our expenses increasing in this category during those two years due to COVID, as we were able to obtain premium refunds for reduced championship events.

Proposed Budget Summary 2023-2024

This proposed budget for your consideration recommends several changes in both income and expenses in the several categories, with the majority of the modifications in championships. Our normal practice is to annually propose changes based on prior two to three year's history. Due to the uncertainty with the pandemic over the past two years, only minimal adjustments were made, primarily in the marketing category because of contract adjustments. This budget indicates over a \$60,000 end-of-year surplus and the recommended changes are detailed in the budget notes.

Additionally, this budget includes one unfilled administrative staff position in the burden and salary figures. In the event this position remains unfilled in the 2023-2024 school year, an additional surplus of \$85,000 may be realized.

Income Overview

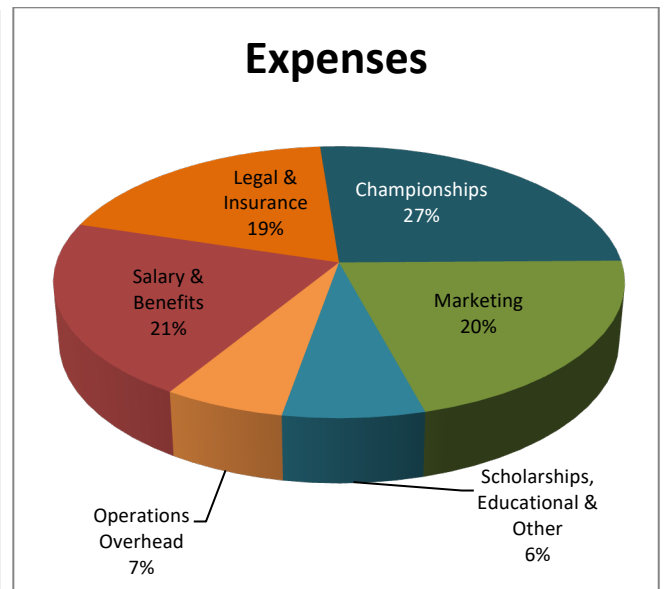

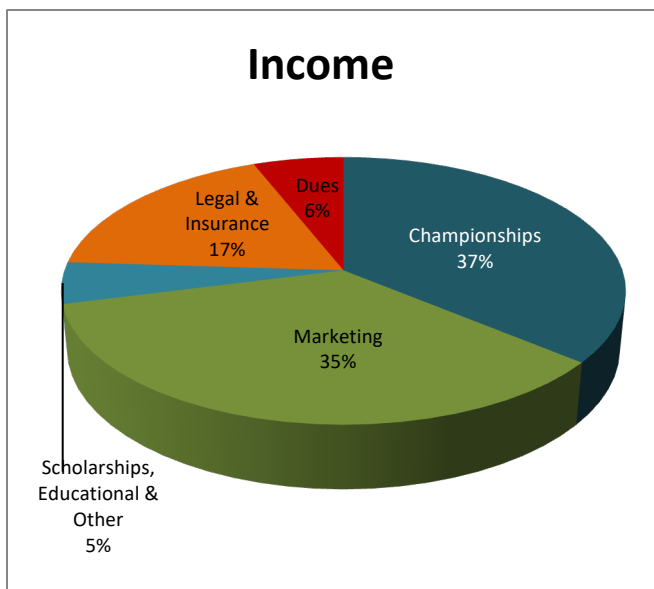

Income projections are based using a conservative approach forecasting a 5% increase in revenue streams to the organization, from \$6.68 million to \$7.01 million. Due to the unpredictability during COVID, minimal changes in the budget were made within championship events. With conditions balancing out, we are recommending several changes in championship line-items to reflect more accurate figures for each of those sports.

The major sources of income for the CIF are 1) championship events (37%), 2) marketing and corporate support (35%) and 3) legal assessment to schools (17%).

Expenses Overview

Expenses to the organization are projected to increase by 4% based on the figures in the proposed budget, from \$6.61 million to \$6.92 million. Our projected expenses show a slight increase in sponsorship and marketing expenses due to contract adjustments, operations, and increased costs in championship events.

The major expenses of the organization are 1) championship events (27%) with most of those funds being returned to schools to reimburse expenses for team travel and hosting fees, 2) salary and benefits for employees and retirees (21%), 3) marketing (20%) with most of these funds given directly to CIF Sections for their distribution share in state-wide marketing income, and 4) legal, liability, and insurance costs (19%).

Salary Schedule & Burden Summary 2023-2024

The salary schedule and burden on the following pages are calculated by employee salary, which includes a 5% increase for employees, projected PERS employer contributions, medical, dental and vision costs, and the required Federal employee taxes (FICA and Medicare). As mentioned in the budget summary, this burden includes one unfilled administrative assistant staff position.

The employees are broken out into three different line-item categories based on the appropriate accounting. The categories include salaries and benefits, marketing, and legal and liability.

Re: **Continued Success Movement - Fall Sports**

{V.B.1.a}

Implementation: 2023-24 School Year

Proposal Originated: SJS Staff

Proposal Discussed/Reviewed

Executive Committee - January 26, 2023
SJS Board of Managers - February 1, 2023
SJS Board of Managers - April 26, 2023

Recommendation

Unanimous Support (12-0)
First Reading
Action

Proposal Summary:

As per “Continued Success” language in bylaws 2107.8.f.5-Football, 2900.5.a.3.v-Tennis and 3200.7.e.5-Water Polo, staff in consultation with the Executive Committee is recommending the movement of five (5) fall sports school programs/teams up a division.

Continued Success:

If a school has maintained continued success over several years but has not won three straight Section titles, the Section Commissioner (in consultation with the Executive Committee) may recommend to the board that a school be moved to a higher division. Continued success may include, but not be limited to, the following:

- * *Section semifinalists or finalist for four or more years in a row with a least one Section title; or*
- * *Four Section titles in a span of six years.*

Fiscal Impact:

None

Rationale:

The reason for developing the bylaw language under “Continued Success” was to have additional criteria, beyond the “three in a row” language that would allow staff to review the success of schools in specific sports and make recommendations for movement should those schools maintain immense success (other than winning a Section title), thus maintaining a competitiveness for them and all membership.

Proposed Movement, Effective Fall 2023

PROFESSIONAL EXPERIENCE

Vacaville Unified School District

Associate Superintendent of Educational Services | VUSD

May 2018-Current

Implemented 3 cycles of LCAP implementation by engaging stakeholders. Navigated the changes to learning due to the pandemic. Managed facilities projects related to the Measure A Bond in Vacaville. Investigated Human Resources complaints and Title IX complaints for the District. Managed student services group regarding student attendance, discipline and welfare. Led the Career Technical Education (CTE) plan for the District, increasing number of CTE pathways and students participating in pathways. Consolidated the District continuation school with blended learning charter to create a work-ready and college-ready flexible charter school. Lead the District in Superintendent's absence and consulted closely with Superintendent on all major issues.

Selected Achievements

- **Instructional Institutes:** Developed and integrated Portrait of a Graduate life skills into District LCAP process. Focus on College and Career readiness with life skills to be successful beyond high school. Provide students with more than a diploma and skills necessary to compete in new global economy.
- **Pandemic Response:** Expedited the transition of academic support staff resources, training, and meetings to an online, distance learning venue. Designed hybrid learning models for both elementary and secondary through collaboration with the Teacher's Association. Represented the District in Town Hall meeting and numerous communication videos to the community and staff.
- **Crisis Management:** Developed and implemented complete Standard Response Protocols (SRP), reunification process, and threat assessment process jointly with Vacaville Police Department, VUSD mental health professionals, site administration and the student services department. This multi-organizational team analyses, investigates and provides follow up services for students in need of crisis intervention.

Principal | Vacaville High School

July 2009- May 2018

Jointly established a position as both an instructional leader and decisive administrative manager. Coordinated and consulted amongst district leaders, peer administrators, certificated/classified staff members, and community stakeholders to accomplish operational and instructional objectives.

Selected Achievements

- **CTE Program Expansion:** Expanded school CTE program including adding 4 additional pathways, including a introducing a state-of-the-art Constructions Trade maker space and a highly competitive Medical Sciences pathway. Leadership included supporting and collaborating with administrators, instructional staff, and community members in assuring that appropriate CTE curriculum and instructional practices were occurring in all classes. Worked with district, other regional staff, and members of the public involved in CTE to develop a professional learning community dedicated to creating a Pathway Completer Status that increases rigor of CTE equal to rigor of college pathway.
- **Improved Academic Outcomes for Students:** Worked with staff to develop systems such as new grading practices and introduction of AVID program to improve graduation rate from 86.1% to 95.6% and “a-g” four year college requirements from 26.2% of seniors college ready to 61.4%. Also increased access to underserved student groups to Advance Placement (AP) classes and tests, resulting in an increase of AP tests passed from 190 tests passed in a single year to 509 tests passed.

Vice Principal | Vacaville High School

August 2005- June 2009

Served in a variety of roles including collaborating with several departments (English, Social Sciences and CTE) in their initial Professional Learning Community(PLC) work. Developed key standards and learning targets as well as first common formative assessments used in Vacaville High School. Also responsible for all issues related to athletics and other school activities including supervision at games, dances and other events. Supervised students on campus and responsible for disciplinary actions and corrective procedures for all students.

Selected Achievements

- **Revitalizing Instructional Strategies:** Under the direction of the principal, Vacaville High school began its transformation from an “athletic school” to an “academic and athletic school”. The PLC process started and departments worked hard to determine major standards taught by all and the supports needed to be in place so every student could learn.
- **Data Driven Instruction:** Utilized assessment platforms and the data analysis tools therein to revitalize and tailor instruction to individual student need in an effort to close student achievement gaps at Vacaville High School. The mindset began to change from individual teachers determining standards to departments working together to develop consistent and important learning targets.

Teacher | Vacaville High School

August 1998- July 2005

Developed and implemented initial classes that now are characterized as CTE classes. Taught real world business classes including computer technology, accounting, legal careers and advanced computer technology. Developed relationships with students through individualized assignments as well as an athletic coach on campus. Coaching baseball and football allowed for more direct involvement and mentoring of student/athletes.

Selected Achievements

- **Technology Integration:** Whilst serving on the Technology committee, procured outside investments to outfit multiple classrooms with full smart technology and assisted in the necessary professional development to ensure strong application of the aforementioned resources. Participated in an exploratory committee and developed a successful recommendation for the board to embrace a 1:1 technology model.
- **Teacher Association/District Relationship:** Elected for a two year term as Vacaville Teacher Association president, facilitated discussions between Association leadership and District Leadership. Negotiated 4 years of Contracts in a two year term and instilled better communication and trust between the groups.

Contract Negotiator | Pacific Bell

Performed an increasing level of responsibility beginning with contract negotiations, growing to senior negotiator where the most critical, complex and high dollar value negotiations occurred. Advancing to director of Contract negotiations, Began process of learning leadership skills working with professionals in both upper management and seasoned professionals.

PROFESSIONAL DEVELOPMENT & ASSOCIATIONS

Solutions Tree Summer Professional Learning Community (PLC) Institute

Participant | Participated in three of the summer institutes, one as a teacher, one as Assistant Principal and one as Principal

AVID Leadership Training

Trainee | Participant in Leadership training necessary to implement AVID at a school

With this realignment proposal is the following playoff adjustments for the following team sports (baseball, soccer, softball, volleyball, water polo):

- ✓ Each league will qualify three (3) teams, unless a league has five (5) or less teams, in which they will only qualify two (2) teams.
- ✓ In divisions 1-4, any school not in its leagues top 3, that is ranked in the top 15 in their division by MaxPreps, will be added.
- ✓ In divisions 5-7, any school not in its leagues top 3, that is ranked in the top 8-10 (depending on sport) in their division by MaxPreps, will be added.
- ✓ Elimination of extra qualifiers language (top 9s + additional qualifiers for select leagues-SFL,TCAL,DL)

Fiscal Impact: None

Rationale:

As per Sac-Joaquin Section Constitution, Article 2, the Realignment Committee, met over the course of the past 4 months, holding six (6) public hearings and six (6) study sessions for the purpose of reviewing, developing and approving recommendations for alignment of member schools into leagues. At the conclusion of the Realignment Committee's March 21, 2023 meeting, they unanimously approved proposal 6-A, which aligns member schools into 25 leagues for the next four (4) years, starting in the fall of 2024.

On Wednesday, March 22, 2023, a voting ballot, and Proposal 6-A was emailed to all eligible voting member schools (184); all ballots were due Wednesday, April 5, 2023.

Voting results as of 4/5/23:

- 142 of 184 ballots returned (77%)
- 134 of 142 = Yes (94%)
- 8 of 142 = No (6%)

NOTE: PLEASE BE AWARE THAT ANY MEMBER SCHOOLS APPEAL TO THEIR ALIGMENT WILL BE HEARD AND ACTED UPON BY THE BOM ON APRIL 26, 2023.

SAC-JOQUIN SECTION CONSTITUTION

ARTICLE 1

NAME AND PURPOSE

- Section 1. This organization shall be known as the Sac-Joaquin Section of the California Interscholastic Federation (CIF).
- Section 2. The purpose of this organization is:
1. To direct and control athletics and other activities of this Section so that faculties and boards will regard them as educational enterprises to be encouraged and supported rather than suppressed;
 2. To locate the responsibility for administration and supervision.

ARTICLE 2

MEMBERSHIP

- Section 1. The Section shall consist of such high schools as are members of, or may be established within, the territory bounded by the Northern Section, the North Coast Section, and the Central Section of the CIF.
- Section 2. Applications for membership of schools shall be approved by the Board of Managers of the Sac-Joaquin Section. All schools must agree to abide by all the rules and regulations of the CIF and the CIF Sac-Joaquin Section.
1. **Associate Membership**
 - a. Associate membership is available to any high school within the geographic boundaries of the Sac-Joaquin Section that does not plan to field at least two sports (one male, one female) in each of the three sport seasons.
 2. **NOTE:** For single gender schools, that would be one sport for each sport season.
 - b. Associate members enjoy all privileges of membership, except participation in playoff competition.
 2. **Full Membership**
 - a. Full membership is available to any high school within the geographic boundaries of the Sac-Joaquin Section that can demonstrate the ability to field at least two sports (one male, one female) in each of the three sport seasons.

NOTE: For single gender schools, that would be one sport for each sport season.
 - b. Full members will be placed in an appropriate league through the realignment process outlined below.
 - i. If a full member joins the Sac-Joaquin Section in a year other than the beginning of a new realignment cycle, that school would be placed in a league by the Section Commissioner, or by a committee formed by the Section Commissioner.
- Section 3. Because schools will wish to change their CIF affiliation from time to time, and because there must be some intermediary group to consider the requests for such changes, the following Board of Managers' policy is announced covering this subject. Such policy is based upon the motion adopted by the Sac-Joaquin Section, meeting January 14, 1959, to the effect "that in the future, all league realignments are to be the responsibility of the Board of Managers." Realignment should be studied every four years.

BASIC PROCEDURE FOR REALIGNMENT

1. Whenever a school desires to change its Section affiliation, it must do the following:
 - a. Put its desire in writing to the president of the league to which it is currently assigned, realignment chairman, the president of the Board of Managers and the Section Commissioner;
 - b. Write the commissioner of the Section to which it is requesting admittance and determine if it will be accepted by the new Section if it is released by the Sac-Joaquin Section.
 - c. The Sac-Joaquin Section must be notified by July 1, 2022 of any intentions to leave the section.
2. When any school desires to change its league affiliation, it must do the following:
 - a. Put its desire in writing to the realignment chairman, the realignment committee and the Section Commissioner.
3. All requests for Section and league changes will be considered by the Sac-Joaquin Section Realignment Committee.
4. The realignment committee has recommendation power only. The Board of Managers makes all final decisions.
5. The Section realignment committee may address competitive anomalies which exist in a geographical area, especially in "high profile sports" by re-leaguing by sport, freelance scheduling or having a sport assume "independent status."
6. The placement of leagues in divisions will be done by the Section Commissioner and a Section playoff committee. This committee will make a recommendation to the Board of Managers on the number of leagues in each division. This process will be utilized for all divisions within the Sac-Joaquin Section. This recommendation would be approved by the Board of Managers in April of the realignment study year.

Note: Please see the appendix for statewide policy and timeline for switching sections.

Sac-Joaquin Section
Organization, Procedures and Criteria

A. ORGANIZATION

1. The realignment committee shall consist of the following: two co-chairpersons, one executive committee member, two member school principals from the north, two member school principals from the south, one athletic director from the north, one athletic director from the south, two at-large positions and the Section Commissioner. The two at-large positions can be any individual currently involved with school related matters, such as school board members, district office personnel, member school principals, athletic directors, etc. Retired school administrators who served on the Board of Managers during their tenure as a site administrator may also be selected for an at-large position. Each member league will nominate one principal and one athletic director to serve on the committee, and the Board of Managers will vote to fill the positions. A league cannot be represented by more than one person on the committee. The Executive Committee will select the two at-large positions. All individuals on the realignment committee will be voting members with the exception of the two co-chairpersons and the Section Commissioner. The members of the realignment committee cannot be members of the Board of Managers, with the exception of the Executive Committee member who will not be allowed to vote on any appeals to the Board of Managers.
2. The purposes of alignment will be: To promote competitive equity by studying the alignment of the member schools and leagues of the Section and developing recommendations for the Board of Managers. This process will normally commence in even-numbered years for implementation in the fall of the following even-numbered year (2020-21 meetings for the 2022-2026 alignment). The committee shall make recommendations for the alignment of schools to the Board of Managers and shall listen and react to appeals.
The committee's jurisdiction shall be to:
 - a. Develop recommendations for the alignment of schools into leagues within the Sac-Joaquin Section;
 - b. Review and approve the placement of schools into leagues for a four-year cycle. (Passed by Board of Managers, April 1999);
 - c. Hear and rule on recommendations and/or appeals initiated by member schools regarding their league alignment.

B. COMMITTEE PROCEDURE

1. The committee shall collect information from member leagues and schools through questionnaires, at public hearings and/or committee visits to various geographical areas throughout the Section.
2. The committee, at its own discretion, shall develop proposals for realignment.
3. Copies of the proposal will be sent to every involved school, league and conference.
4. Public hearings will be scheduled, and all involved schools and leagues will receive written notification to attend and make presentations either in support of or in opposition to the proposal.
5. At the conclusion of the hearing, the committee will re-evaluate its proposal considering information previously considered and information presented at the hearing. The committee will then:
 - a. Submit the proposal to all member schools for a vote. Each school will be allowed one vote and a simple majority is needed for approval;
 - b. If the proposal receives the required number of votes by the member schools, the proposal will be forwarded to the Board of Managers for approval at their April (spring) meeting;
 - c. If the proposal does not receive the required number of votes, the realignment committee will schedule another meeting to present a new proposal to the member schools for their approval. Once a proposal has received a simple majority approval (50% plus one) from the votes submitted to the Section office, the proposal will be forwarded to the Board of Managers for their approval at their April (spring) meeting.

C. CRITERIA FOR REALIGNMENT

When a school is to be realigned based on the overall needs of the Section, individual leagues and/or its own desire, the following criteria shall be the basis upon which the final recommendation will be made:

1. **Primary Criteria**
 - a. Competitive Equity (Team Sports)
 - b. Scope of Program
 - c. School Enrollment
2. **Secondary Criteria**
 - a. Desire of School/District and/or league

D. GUIDELINES FOR IMPLEMENTING CRITERIA – PRIMARY

NOTE: Each school will be required to complete a "school result form" and return it with its realignment committee questionnaire form to be used for the purpose of developing a composite overview of the school's overall athletic level of success.

1. **Equity of Competition**

- a. League finish in all sports the last two years.
- b. Section playoffs finish in all sports the last two years.
- 2. **Scope of Athletic Program**
 - a. Diversity of athletic program offerings in all grade levels and in both boys and girls sports.
 - b. To what degree will the school being realigned be affected and/or affect the league programs.
 - c. A school must be able to offer two sports per season at the varsity level to be placed in an appropriate league. The two sports offered must be compatible with Title IX, which means one sport for the males and one sport for the females in each of the three seasons.
 - 3. Example: Traditionally, the sports offered for all leagues in the fall are girls volleyball and boys soccer; boys and girls basketball in the winter; baseball and softball in the spring.
 - d. A school may offer other sports, but the above-mentioned sports are minimum requirements to be placed in a member league within the Section.
- 3. **School Enrollment**
 - a. School enrollment is based on the present year enrollment report and one projected year.
 - b. Enrollment of a school comprised entirely of the students of the same gender will be doubled.
 - c. A three-year school's enrollment will be increased by doubling the size of its sophomore class.
 - d. A margin of 100 shall be allowed above or below the actual figures in determining enrollment placement.
 - e. No school will be permitted to petition to change its classification to a lower classification than its enrollment classification although it may be in a higher classification.

E. GUIDELINES FOR IMPLEMENTING CRITERIA - SECONDARY

1. Desire of School/District and/or League

The desire of a school/district and/or league will be considered in recommending whether or not a school is realigned or remains in the present league only after the primary criteria has been applied. Significant "findings" or evidence will need to be presented in order for the realignment committee to justify deviating from the primary criteria.

F. GENERAL CONSIDERATIONS

1. Distance Traveled/Shared Travel

- a. Distance traveled within the league by member schools and the time involved in the travel. Travel will be considered when the realignment committee feels the distance traveled has a significant negative impact upon member schools within a given league.
- b. The creation of competitive equity should take precedence over geography. However, reasonable travel expectations and consideration of the equitable sharing of travel time and costs between schools, based on past and present league alignments, must be considered.

2. Number of Schools in League

Where possible, each league should consist of a minimum of six schools.

G. REALIGNMENT APPEAL PROCEDURES

- 1. The Section Board of Managers will hear all appeals on the realignment committee's recommendation and a simple majority vote by member schools at its April meeting of the realignment study year. Any school choosing to appeal its league realignment must notify the Section office at least five days prior to the Board of Managers meeting.

H. RECLASSIFICATION DURING REALIGNMENT CYCLE

Any school(s) desiring to change its league affiliation during the four-year cycle may request a change of leagues at the two-year interval if the following requirements are met:

- 1. The request may be presented to the Board of Managers by the requesting school(s) for a first reading at either the October 2021 or January 2022 Board of Managers meeting.
- 2. The request must be submitted in writing and will include documentation that has the approval of the governing board(s) for the school(s) involved.
- 3. The request must include written documentation that a majority of the schools within the affected league(s) have approved the requested change.
- 4. The Board of Managers will consider approving or denying the request at either their January 2022 or April 2023 meeting.

Type: Bylaw Amendment

Summary: The committee will be presented with a proposal to amend Bylaw 212 - Amateur Status and Bylaw 510 – Undue Influence with respect to sanctions that may be imposed for violations related to individual endorsements and restrictions on those associated with a school (including 3rd parties) from unduly influencing a student.

Fiscal Impact: None

Background:

Given the recent increase in California High School student-athletes engaging in individual endorsements due to rule changes made at the NCAA level, the Commissioners Advisory Committee is proposing changes to the sanctions that may be imposed for violations of this bylaw. This area is new to students and families and it is expected to grow in the future. Also, there is the potential for misinformation to be provided to student-athletes and their families by third parties. Therefore, the Commissioners Advisory Committee proposing a tiered penalty approach as per the attached proposal. It was also clear to the Commissioners Committee that language was needed that clearly restricts those associated with a school (including 3rd parties) from unduly influencing a student.

For Immediate Implementation

212. AMATEUR STATUS

A. **CIF Sponsored Competition and Individual Endorsements**

A student is governed by CIF amateur rules when the student participates in CIF competition. A student who violates CIF amateur or award rules shall be ~~ineligible for CIF competition in that sport until appeal and reinstatement as an amateur by the Federated Council. A student may apply to the Federated Council for reinstatement when the student can again qualify as an amateur in that sport~~ **penalized according to D. below.**

B. **Reinstatement of Amateur Status**

A student will become ineligible for CIF competition in a given sport if the student is determined to be a professional by the national sports governing body (NSGB) for the sport in question. A student may apply for reinstatement of his/her amateur status through the Section in which the student competes. Any request for reinstatement must include a statement from the NSGB for the sport in question that the student's amateur status has been reinstated by the appropriate NSGB.

C. **Violations in CIF Sponsored Competition and Individual Endorsements**

A student ~~shall become ineligible for CIF competition in the respective sport and~~ shall be penalized according to ~~A. and B. above~~ **D. below** for the following violations related to CIF competition **or individual endorsements:**

(*See caution below)

- (1) Receiving, from any and all sources, athletic awards totaling more than \$250.00 in value for:
 - a. Accomplishments in any regular season CIF high school competition event;
NOTE: Typical examples of regular season CIF high school competition event include, but are not limited to, any league or non-league dual contest and invitational tournament held prior to any season-culminating league, Section, Region and/or State Playoff competition.
 - b. A recognition award program, such as "Player of the Week"/"Month," for any regular season CIF high school competition.
- (2) Receiving, from any and all sources, athletic awards totaling more than \$500.00 in value for any post-regular season CIF high school competition or recognition program;
NOTE: For purposes of this Bylaw only, league, Section, Regional and State Playoff competition is considered to be one (1) continuous event.
NOTE: The dollar value of an award, exclusive of engraving, shall be determined by the following criteria:
 - a. The retail price paid by the last purchaser in the acquisition of the award;
 - b. When the host school or league purchases the award, the retail price paid by the host school or league;
 - c. When the award is donated by another entity, the retail price paid by or cost to that entity.
- (3) Wearing a school team uniform or any identifying school insignia while appearing in any advertisement, promotional activity or endorsement for any commercial product or service;
- (4) Lending his/her name and team affiliation for purposes of commercial endorsement. Any appearances by students for nonprofit organizations must be approved by the Board of Trustees concerned. This provision is not intended to restrict the right of any student to participate in a commercial endorsement provided there is no school team or school affiliation;
NOTE: 212.C.(3) and (4) above also includes advertisement, promotional activity, endorsement or affiliation of league, CIF Section(s), or CIF State (see Q&A below).
Q: May a student-athlete participate in an advertisement, promotional activity, or endorsement while affiliated with a league, CIF Section(s), or CIF State?
A: No.
- (5) Accepting payment for loss of time or wages while participating in CIF competition;
- (6) Receiving payment for coaching a team in CIF competition.
***CAUTION:** Compliance with these Bylaws does not ensure maintenance of eligibility under the eligibility standards of other athletic organizations (e.g. NCAA, NAIA, NJCAA, CCCAA and National Sports Governing Body, etc.). Students desiring information on the amateur rules of other organizations must communicate with the respective organization.

D. **Penalties for violations in CIF Sponsored Competition and Individual Endorsements**

- (1) A student determined by their respective CIF Section to have violated any provision of 212.C.(1-6) above shall be penalized according to the sanctions listed below:
 - a. **First Violation:** The student shall receive a formal warning and return any award(s) in excess of the maximum amounts allowed in 212.C.(1) and (2) above; and/or at the direction of the Section immediately remove any advertisement, promotional activity, or endorsement depicting the student's affiliation with their school, league, CIF Section(s), or the CIF State as noted in 212.C.(3) and (4) and the accompanying Note.
 - b. **Second Violation:** The student shall be ineligible to participate in interscholastic athletics for a period of one (1) year from the date of CIF's determination of the second violation.
 - c. **Third Violation:** The student shall be banned from interscholastic athletics for the remainder of the student's eligibility.
NOTE: It is expected that the CIF member school will ensure adherence to any of the above penalties imposed on their student.

(Revised May 2004 Executive Committee/Revised May 2009 Federated Council)

510. UNDUE INFLUENCE, PRE-ENROLLMENT CONTACT, DISCLOSING PRE-ENROLLMENT CONTACT, ATHLETICALLY MOTIVATED TRANSFERS

- A. The use of undue influence by any person(s) to secure or retain a student or their parent(s)/guardian(s)/caregiver as residents may cause the student to be ineligible for high school athletics for a period of one (1) year and shall jeopardize the standing of that high school in the CIF.

Undue influence is any act, gesture or communication (including accepting material or financial inducement to attend a CIF member school for the purpose of engaging in CIF competition regardless of the source) which is performed personally, or through another, which may be objectively seen as an inducement, or part of a process of inducing a student, or his or her parent(s)/guardian(s)/caregiver, by or on behalf of, a member school, to enroll in transfer to, or remain in, a particular school for athletic purposes.

- B. A student shall become ineligible for CIF competition ~~for a period of one (1) year and shall be penalized according to Bylaw 212~~ for accepting material or financial inducement to attend a CIF member school for the purpose of engaging in CIF competition, regardless of the source. **This includes, but is not limited to, student individual endorsements that involve anyone from, or associated with [see D.(2) below], a school or its athletic programs.**

- C. Pre-enrollment contact or an athletically motivated transfer may be considered prima facie (sufficient evidence) evidence that the student enrolled in that school in whole or in part for athletic reasons (See Bylaw 200, 206.C. and 207.A) and cause the student to be ineligible for participation those sports in which the student participated at the former school.

Athletically motivated pre-enrollment contact of any kind by anyone from, or associated with [see D.(2) below], a school or its athletic programs to which a student may transfer or move into the attendance area is not permitted. When a prima facie (sufficient evidence) case of undue influencing/recruiting exists, the student shall be ineligible to represent the new school in interscholastic athletic competition for a period of one (1) calendar year from the date of the student's enrollment in the new school in all sports in which the student participated at any school in the last 12 months and/or the sport with which the coaches referenced herein is associated, unless sufficient proof is presented to the satisfaction of the Section Commissioner that rebuts or disproves the evidence of undue influence/recruiting for athletic reasons.

D. Pre-Enrollment Contact

Pre-enrollment contact may include, but is not limited to: any communication of any kind, directly or indirectly, with the student, parent(s)/guardian(s)/caregiver, relatives, or friends of the student about the athletic programs at a school; orientation/information programs, shadowing programs; attendance at outside athletic or similar events by anyone associated [see D.(2) below] with the school to observe the student; participation by the student in programs supervised by the school or its associates before enrollment in the school.

(1) Requirement to Disclose Pre-Enrollment Contact

All transfer students shall submit a completed CIF Pre-Enrollment Contact Affidavit [CIF Form - (please use local CIF Section Form)] with appropriate transfer application(s) as required by their respective Section under Bylaw 207. Any and all pre-enrollment contact of any kind whatsoever that a student or anyone associated with the student, has had with a person associated with the new school must be disclosed by the student, parent(s)/guardian(s)/caregiver and the new school to the Section office on a complete CIF Pre-Enrollment Contact Affidavit [CIF Form - (please use local CIF Section Form)].

NOTE: CIF Form is available through the local CIF Section Office.

(2) Definition of Being Associated with a School

Persons associated with a school include but are not limited to: current or former coaches, current or former athletes, parent(s)/guardian(s)/caregiver of current or former student/athletes, booster club members, alumni, spouses or relatives of coaches, teachers and other employees, coaches who become employed, active applicants for coaching positions, ~~and~~ persons who are employed by companies or organizations that have donated athletic supplies, equipment or apparel to that school, **any organization or individual that assists or consults with a family/student resulting in enrollment and/or retention at a specific school for financial or athletic purposes.**

E. Athletically Motivated Transfers

The CIF, as the governing body of high school athletics, affirms that athletic competition is an important part of the high school experience and that participation in interscholastic athletics is a privilege. The privilege of participation in interscholastic athletics is available to students in public or private schools who meet the democratically established standards of qualification as set forth by the Federated Council. As stated in CIF Bylaw 200.A.(6) the CIF Bylaws shall serve as a deterrent to students who transfer or change schools for athletic reasons and to individuals who attempt to recruit (unduly influence) student-athletes or their parents to enroll in a school because of athletics.

As stated in CIF Bylaw 200.A.(2) the CIF Bylaws reinforce the principle that students attend school to receive an education first; athletic participation is secondary. CIF Bylaws provide for individual Section Offices to limit eligibility for a student when there is evidence the transfer, or move is made to acquire athletic participation at their new school (School B).

Students may be determined by their respective CIF/Section Office or the CIF to have made an athletically motivated transfer or change in schools if one (1) or more of the following circumstances are determined to have contributed in any way to the transfer or change in schools:

(1) Transferring to a School after Participating on a Non-School Athletic Team, Camp or Clinic Associated with the School

The student transfers from his or her current school of attendance, with or without a corresponding change of residence, to any high school where the student participates or participated, during the 24 months immediately prior to the transfer, on a non-school athletic team, (i.e. AAU, American Legion, club team, etc.), camp or clinic that is associated with [See definition in D.(2)] the new school in the sports previously participated in. A team associated with a school is one that is organized by and/or coached by any member of the coaching staff at, or any other person associated with [See definition in D.(2)], that school; and/or, on which the majority of the members of the team (Participants in practice and/or competition are students who attend that school). AND/OR

(2) Transferring to a School Where a Former High School Coach Has Relocated

The student at any grade level transfers to a new school within one (1) calendar year of the relocation of his/her school or club coach to the student's new school of enrollment with or without a corresponding change in residence; AND/OR

- (3) Other factors that may be considered in support of evidence of athletic motivation:
 - a. Evidence the student's transfer or change of schools is because of the student's previous association with an outside agency that uses the facilities or personnel of the student's new school (School B); AND/OR
 - b. Evidence that multiple students have transferred or changed schools to participate in a particular sports program at one (1) school.

Type: Bylaw Amendment

Summary: The committee will be presented with a proposal to amend Bylaw 207.B.(3) and Bylaws 504.A., 504.K. and 504.L. with respect to students who transfer to CIF member School after participating in an Academy Program.

Fiscal Impact: None

Background: Due to an increase in non-traditional, sport academy programs, the CIF State and Section Offices have engaged in discussion regarding CIF Bylaws when a student transfers from an academy program (as defined in the attached proposal) to a CIF member school.

207.B.(3)Transfers to a CIF Member School (described as New School or School B) From Schools (described as Former School or School A) Located in the United States, a U.S. Territory, Canada or a U.S. Military Base (referred herein as Domestic Transfers)

Such transfer students who meet all other requirements for eligibility outlined in Bylaws will be granted unlimited residential eligibility in all sports at all levels at the new school except:

- a. In any sport(s) in which the transfer student has competed at any level at the former school(s), **or was part of an academy program which competed against a high school or non-school organization during that season of sport**, in the 12 calendar months immediately preceding their transfer to the new school, the student will be limited to sub-varsity (limited) eligibility in those sports;
- b. No student shall be eligible to participate in the same sport at two (2) different schools in the same school year;
- c. If the transfer is determined to be athletically motivated. Athletically motivated transfers may be considered prima facie evidence that the student enrolled in that school in whole or in part for athletic reasons and cause the student to be ineligible for participation in those sports in which the student participated at the former school as outlined in Bylaws 510 and 207.C.;
- d. The transfer is not determined to be based upon a disciplinary situation (See CIF Bylaw 209);
- e. The student meets all other provisions of all CIF Bylaws.

The student shall have unlimited residential eligibility for all sports at all levels under Bylaw 207 after having been enrolled for 12 calendar months from the date of transfer to the new school or in the case where the student returns to the previous school of eligibility as stated below:

When a student eligible in School A transfers to School B or any subsequent school and is residentially not eligible, the student may return to School A and shall be determined to be residentially eligible for unlimited participation in interscholastic sports provided the student did not participate in an interscholastic athletic contest while at School B or any subsequent school.

(Approved April 2018 Federated Council)

NOTE: Refer to (5) below for applications for transfer eligibility limitations determinations and exceptions.

Note: For purposes of this bylaw, an “Academy” is defined as a non-school organization located in or outside the State of California that consists of a sports development and/or training program, consisting of athletic team(s) that compete against other high school or non-school organization athletic programs.

504. SEASON OF SPORT

All CIF member school interscholastic activities must be conducted in accordance with the following season of sport Bylaws.

- A. **Definition of School and Individual Student-Athlete Season of Sport**
The season of sport for a school is that period of time which elapses between the first interscholastic contest and the final contest for that particular sport. The season of a sport for any individual student is that period of time which elapses between the student's first participation in an interscholastic contest and the student's final participation in a contest for that particular sport in that season. **This includes participation in an academy program which competed against a high school or non-school organization during that season of sport.**
- K. **Maximum Number of Seasons**
A student shall not participate in more than four (4) seasons of sanctioned CIF competition in any given sport in a four (4)-year high school or three (3) seasons of sanctioned CIF competition in any given sport in a three (3)-year high school. Activities in the summer are exempt. **This includes participation in an academy program which competed against a high school or non-school organization during that season of sport.**
- L. **One (1) Season of Sport**
Each student shall be limited to one (1) season of a particular sport for each school year. **This includes participation in an academy program which competed against a high school or non-school organization during that season of sport.**
(See also Bylaw 504.A.)

Note: For purposes of this bylaw, an "Academy" is defined as a non-school organization located in or outside the State of California that consists of a sports development and/or training program, consisting of athletic team(s) that compete against other high school or non-school organization athletic programs.

Type: New State Championship Event; Bylaw Addition

Proposal Summary: The CIF Staff is proposing the implementation of a CIF State Tennis Championship to begin in 2023-2024 school year. This proposal follows the approved State Championships Master Schedule timeline for implementation of new events for consideration. This event would bring the top teams from each region to compete in an even larger scale event than their own section and regional championships. It's another opportunity for both boys and girls to have "state" level competition in the sport of Tennis as other sports currently do (Swim and Dive, Basketball, Cross Country, etc.). The event would allow the Northern Region and Southern Region tennis team champions in the state an opportunity to compete at the State level. This championship event is proposed as one match held one week after the Regional Championship.

Fiscal Impact: The expense would be \$2,000 for each of the two events. The staff has conducted an audit of regional tennis events and calculated the possible travel expense for teams to compete. Also, in partnership with the CIF, the USTA will continue with the same regional contribution for the state championship.

Background: The Tennis Regional championships have been successfully conducted in the North since 1998 and in the South since 2012. The State Tennis proposal is slated first in the CIF Master Calendar of Events long-range plan.

Proposal for California Tennis Championship New CIF Championship Events

Name of Event: CIF State Tennis Championships

Proposed Event Dates: The proposed dates of the event coincide with the next available weekend after the completion of regional finals. Week 21 for girls and Week 47 for boys.

Girls Schedule Following Regional Championships:

2023: Saturday, November 25: (Regional Championships are Saturday, November 18)
2024: Saturday, November 30: (Regional Championships are Saturday, November 23)
2025: Saturday, November 29: (Regional Championships are Saturday, November 22)
2026: Saturday, November 28: (Regional Championships are Saturday, November 21)
2027: Saturday, November 27: (Regional Championships are Saturday, November 20)

Boys Schedule Following Regional Championships:

2024: Saturday, May 25: (Regional Championships are Saturday, May 18)
2025: Saturday, May 31: (Regional Championships are Saturday, May 24)
2026: Saturday, May 30: (Regional Championships are Saturday, May 23)
2027: Saturday, May 29: (Regional Championships are Saturday, May 22)
2028: Saturday, May 28: (Regional Championships are Saturday, May 21)

Format

The format will be a two (2) team match between the regional champions.

Section Entries

North: CCS- 2; NCS- 2; NS- 1; OS-1; SJS- 2; SFS- 1
South: CS- 1; LACS- 1; SDS- 2; SS-4

QUALIFYING TO CIF STATE CHAMPIONSHIPS

Teams must compete and qualify through the CIF Regional Championships to participate in the CIF State Championships.

Financial Criteria and Feasibility for Tennis State Championships Sponsored by the CIF:

- 1. What travel, lodging, and meal reimbursement will be provided to participating schools (please use the CIF Adopted Criteria)?**
 - Reimbursement will follow the CIF's currently adopted criteria for team championships.

2. Will this event place any CIF Section event at risk financially?

- This event will not place any CIF Section event at risk financially because it takes place after all section championships have been concluded. This event will possibly generate greater excitement in the sport tennis at the section level and generate additional profit.

3. Will this event be a burden on any CIF Section budget or the State CIF budget?

- This event will not place any burden on any CIF Section budget because it takes place after all section finals have been completed. The State CIF will work with interested host communities to keep championship expenses in line with the projections and use additional marketing opportunities to supplement the budget.

4. Please provide a detailed, specific, feasible cost estimate for the operation of this event. Below are the budget estimates for this event:

Projected Girls State Tennis Championships based on Regional Championship historical revenue and expense figures			
	Revenue	Expense	Partner Spending
Personnel Expenses		\$325	
Misc Expense/Staff Travel		\$500	
Misc Expense/Staff Travel		\$1500	
Awards (CIF Trophy)		\$350	
Awards (USTA Plaques)			\$350
Facility			\$2000
Total		\$2675	\$2350

Projected Boys State Tennis Championships based on Regional Championship historical revenue and expense figures			
	Revenue	Expense	Partner Spending
Personnel Expenses		\$325	
Misc Expense/Staff Travel		\$500	
Misc Expense/Staff Travel		\$1500	

Awards (CIF Trophy)		\$350	
Awards (USTA Plaques)			\$350
Facility			\$2000
Total		\$2675	\$2350
Projected Girls and Boys Combined State Tennis Championships based on Regional Championship historical revenue and expense figures			
	Revenue	Expense	Partner Spending
Personnel Expenses		\$650	
Misc Expense/Staff Travel		\$1000	
Misc Expense/Staff Travel		\$3000	
Awards (CIF Trophy)		\$700	
Awards (USTA Plaques)			\$700
Facility			\$4000
Total		\$5350	\$4700

5. **Please demonstrate using both costs in #4 above and anticipated event revenue how this event may be sustained economically over many years.**
 - This event will run at a deficit that can annually be absorbed by the CIF budget.
6. **Is the current CIF State Office staff capable of managing this event?**
 - Yes. The current CIF State Office staff can manage this event.
7. **Is there capable staff available to support the CIF State Office in the operation of this event?**
 - Yes. The State office staff currently has adequate resources to staff the event.

Philosophical Criteria for New Events:

1. **How does this event contribute to the goals of the CIF (i.e. a new event may enhance gender equity, economic stability and enhance the awareness of values taught through sport)?**
 - This event would bring the top teams from each region to compete in an even larger scale event than their own section and regional championships. It's

another opportunity for both boys and girls to have “state” level competition in the sport of Tennis as other sports currently do (Swimming and Diving, Basketball, Volleyball, etc).

Qualifying Participation Criterion for a Regional Championship:

1. Do 50% of all CIF sections participate in the sport in the same season?

- Yes. For girls, the SFS, NS, OS, CCS, NCS, SJS, CS, SS, SDS, and LACS all participate in the fall. For boys, the SFS, NS, OS, CCS, NCS, SJS, CS, SS, SDS, and LACS all participate in the Spring.

Other Questions:

- **How will this event benefit participating schools and students?**
 - This event will give boys and girls the opportunity for post-region championship opportunities not currently available in Tennis.
- **Do the proposed dates conflict with state mandated testing?**
 - The proposed dates are currently used for playoff opportunities in other sports. No conflict with state testing is anticipated.
- **Does the event cause additional loss of instructional time? If so, has any thought been given to mitigating this loss (Saturdays, evenings, vacation time)?**
 - The State event will follow a schedule like many of the other state level events. Depending on travel, there may be some loss of instructional time, but every effort will be made to minimize lost class time.
- **If the proposal is for a sport that is played now in more than one season in the state, what dates are selected and why?**
 - Fall - Girls State Championships (CCS, NCS, SJS, NS, OS/SFS) Spring- Boys State Championships (CCS, NCS, SJS, NS, OS/SFS, SS, SD, LA, CS)
The proposed dates of the event coincide with the next available weekend after the completion of regional finals. Week 21 for girls and Week 47 for boys.
- **How, specifically, will this event be a demonstration of the values of participation in high school athletics?**
 - In choosing teams or individuals for an event, is there any criterion such as demonstration of respect, sportsmanship, citizenship, achievement through effort and cooperation, full compliance to CIF code of ethics, rules, regulations, guidelines, etc.?

- All CIF events are conducted with the above in mind. This event can give CIF member schools another opportunity to demonstrate that competition can be played fairly and with great sportsmanship. It is also an additional avenue for our member schools to promote the best values of educational athletics.
- **Will the proposed event lend itself to a partnership between the State CIF and a CIF Section? If so, the nature of the partnership must be detailed. What are the duties and responsibilities of the State and Section entities?**
 - If there is to be a risk/profit sharing, what are the proposed financial details? If resources, other than financial, are to be used as part of a partnership, what are the anticipated resources?
 - Any proposal that considers a Section/State partnership should consider whether or not an event should be rotated, upon request, among Sections. The state office will assume financial responsibility of profit and/or loss of the event.
- **Will there be any ancillary activities associated with the event to make it more attractive and reflective of the goals and mission of CIF (i.e. training for coaches, sportsmanship activities for schools)?**
 - None anticipated.

Type: Constitutional Amendment (Requires a two-thirds vote of the Federated Council)

Summary: The committee will be presented with a proposal to amend Article 70 - Executive Committee which would expand the Executive Committee from nine (9) to thirteen (13) members. The additional four (4) at-large members would reflect both gender and ethnic representation of the state’s student population.

Fiscal Impact: Additional Meeting Travel Expenses (Approximately \$8,500)

Background:

It is important that the CIF Executive Committee is comprised of members with a variety of experiences and backgrounds when discussing issue that impact all students in California. Our current system of appointing one (1) at-large member does not ensure that the Executive Committee reflects both gender and ethnic representation of the state’s student population. This proposal would assist in achieving that goal.

For Immediate Implementation

70. EXECUTIVE COMMITTEE

The CIF Executive Committee shall consist of no more than ~~nine (9)~~ **thirteen (13)** members of the Federated Council as described below:

A. Duties and Responsibilities of the Executive Committee

- (1) Review, monitor and update goals of the CIF as indicated within the CIF strategic plan and/or the committee's own process and procedures.
- (2) Develop operational procedures.
- (3) Review annual budgets prior to proposal to the Federated Council.
- (4) Set dues.
- (5) Act as the decision-making body between meetings of the Federated Council when it is not necessary to call an emergency meeting.
- (6) Advise the Executive Director or liaise activities with groups and organizations outside the CIF.
- (7) Review the agenda of the Federated Council meeting prior to each council meeting.
- (8) Review committee reports and presentations prior to the presentation at the Federated Council.
- (9) Recommend positions, considerations and actions to the Federated Council.
- (10) Employ an Executive Director and contribute to the evaluation of the Executive Director.
- (11) Consider and recommend salary and other benefits.
- (12) Review and control expenditures and other fiscal operations.
- (13) Monitor the office structure and operation.
- (14) Advise the Executive Director on issues, programs and matters brought to the committee by the Executive Director.
- (15) Other duties as prescribed by the Federated Council.

B. Composition of the Executive Committee

- (1) Federated Council Officers — President, President-Elect and Past-President; AND
- (2) ~~Five (5)~~ **Six (6)** additional members who are representatives of Sections/Allied Organizations with no more than one (1) member representing the group of Allied Organizations; AND
- (3) ~~One (1)~~ **Four (4)** at-large representatives ~~from the Federated Council~~ who are directly accountable to, or a voting member of, a local board of education or school(s) governing body shall be selected in an effort to reflect both gender and ethnic representation ~~on the Federated Council~~ **of the state's student population.**

C. Limitations of Membership on the Executive Committee

- (1) No Section shall have more than one (1) member eligible to be elected to the Executive Committee unless another committee member from the Section is an officer or at-large representative.
- (2) The group of Allied Organizations shall have no more than one (1) member eligible to be elected to the Executive Committee unless another Allied Organization representative is an officer or at-large representative on the Executive Committee.
- (3) No Section may have more than one (1) representative serving as an officer at any one time.
[See Article 7-70.G.(2)] for exception.
- (4) Only one (1) person from the group of Allied Organizations may serve as an officer at any one (1) time.

D. Terms of Office

- (1) The President-Elect will serve two (2) years before assuming the presidency. The President-Elect shall assume the office of President immediately following service in the office of President-Elect.
(Revised May 2002 Federated Council)
- (2) The President shall serve a two (2)-year term.
- (3) The Past-President shall serve a two (2)-year term immediately following service as President.
- (4) Other Executive Committee members shall be elected annually by the Federated Council to serve a two (2)-year term. An Executive Committee member may serve for two (2) consecutive terms of two (2) years each.
- (5) If there is a break of one (1) year in the service of an Executive Committee member, as a member of the committee, that member may be eligible for nomination, election and service for one (1) additional term of office as an Executive Committee member but no one shall be eligible to serve more than a total of six (6) years. on the committee.
- (6) ~~One (1)~~ **Four (4)** at-large representatives ~~from the Federated Council~~, in an effort to reflect both gender and ethnic representation **of the state's student population**, shall be appointed for a two (2)-year term. **(See Note below)**
- (7) If in the second year of their term, an **elected [see 70.B.(2)]** Executive Committee member ceases to be a representative of their Section to the Federated Council, that Executive Committee member may remain as an additional representative of their Section until the end of that representative's prescribed term.
(Approved February 2022 Federated Council)

E. Nominations

- (1) Each year, the President shall appoint a nominating committee consisting of at least five (5) members. Members of the Nominating Committee shall be selected from among the Federated Council and may include no more than two (2) current members of the Executive Committee.
- (2) The Executive Director and the President shall be ex-officio members of the Nominating Committee.
- (3) Nominations for the Executive Committee shall be presented to the Federated Council at the meeting prior to the election.
- (4) Nominations for President-Elect will occur in even numbered years.

- (5) Each person nominated for an officer or **other elected [see 70.B.(2)]** Executive Committee seat must be a current member of the Federated Council at the time of nomination and election.
- (6) The Nominating Committee will name at least five (5) candidates for two (2)-year terms for the Executive Committee and at least two (2) candidates for President-Elect.
(Approved January 2020 Federated Council/Approved February 2022 Federated Council)
- (7) Nominations will also be accepted from the floor at the Federated Council meeting whereupon nominations are presented.
- (8) Nominations for ~~an~~ **the four (4)** at-large representatives will be ~~solicited from~~ **made by Executive Staff, in consultation with** Sections and Allied Organizations, after the election of Executive Committee members. The Executive Committee, at its June meeting, will select ~~a~~ **four (4)** candidates from among those nominations to serve as ~~an~~ at-large representatives.

F. **Elections**

- (1) Elections will occur at the final meeting of the year of the Federated Council.
- (2) Elections for Executive Committee members, other than officers and the **four (4)** at-large committee members, will be held annually.
(Approved January 2020 Federated Council)
- (3) Should a second candidate be nominated from any Section or the group of Allied Organizations, only the candidate with the most votes (more votes) from that Section/or group is eligible for election.
- (4) The nominees who receive the most votes, from among those eligible for election, will be elected.
- (5) In the event of a tie between/among candidates whereby there is only one (1) seat available and/or remaining, a revote for the remaining position will take place only between/among the candidates that are tied.
- (6) In the event there is still a tie vote after the first revote, one (1) more vote will take place and if the tie is not broken, a flip of a coin will determine the winner.

G. **Change in Status or in Workplace, Vacancy**

(1) **Change in Status**

With the exception of the Past-President, the representative from the State Department of Education and representatives of Allied Organizations, any committee member whose status changes so as not to be directly accountable to, or a voting member of, a local board of education or school(s) governing body shall not continue to be a voting member of the Executive Committee. With the exception of the current officers that committee member shall be replaced at the next Executive Committee meeting by the individual (if eligible) receiving the next highest vote during the last regularly held election, or in the case of ~~the an~~ at-large representative, a new representative will be appointed by the Executive Committee at its next regularly scheduled meeting. In the event there is no one eligible, an election will be held to fill the vacancy at the next regularly scheduled Federated Council meeting.

a. **President**

When the status of the President changes, the President-Elect will succeed to the position of President. If there is not a President-Elect eligible, the Past-President shall be asked to serve in the place of the President-Elect until the President-Elect is eligible.

b. **President-Elect**

When the status of the President-Elect changes, the President shall authorize a new nomination and election process to be initiated so that nominations are presented at the next possible Federated Council meeting and elections are held at the meeting following nominations.

c. **Past-President**

In the event the status of the Past-President changes, that person may continue service until the end of the term for which she/he was elected.

(2) **Change in Workplace, No Change in Status**

When the workplace of an officer changes after election as President-Elect, but that person is still able to continue as a voting member of the Federated Council (See Article 3-30), that person may complete the terms of office through the term of Past-President. When that change in workplace is a change to another Section, representatives from both Sections will be eligible to be nominated for the office of President-Elect while that officer is still in service.

(3) **Vacancy**

When a vacancy on the Executive Committee occurs caused by circumstances other than those listed above in this section, the following shall occur.

a. **President-Elect**

The President shall call for the nominations to be made for the next possible meeting of the Federated Council and an election to be held at the subsequent regularly scheduled meeting or the President may authorize a nomination process to be immediately initiated if in her/his judgment time permits adequate notice to the Federated Council and other interested parties, so that an election may be held at the next possible Federated Council meeting.

b. **President**

The President-Elect will succeed to the position of President. If there is not a President-Elect eligible to serve, the Past-President shall be asked to serve in the place of the President-Elect until the President-Elect is eligible.

- c. **Past-President**
The President may appoint someone to the office who has served previously as a Past-President. The President may ask this appointee to serve out the complete term of the person compelled to vacate the office of Past-President.
- d. **Other Executive Committee Members**
The position will remain vacant until the next Executive Committee meeting by the individual (if eligible) receiving the next highest vote during the last regularly held election, or in the case of ~~the~~ an at-large representative, a new representative will be appointed by the Executive Committee at its next regularly scheduled meeting. In the event there is no one eligible, an election will be held to fill the vacancy at the next regularly scheduled Federated Council meeting.
(Approved May 1999 Federated Council/Revised October 2000 Federated Council/Revised February 2002 Federated Council/Revised February 2005 Federated Council)

Note: The Executive Committee will appoint the four (4) at-large representatives at its June 2023 meeting. Two (2) representatives shall serve a two (2)-year term and two (2) shall serve a one (1)-year term. The representatives appointed to a one (1)-year term shall be eligible to serve two (2) additional two (2)-year terms unless they are a current Executive Committee member in which case term limits would apply as per D. above. This will provide for balance in the potential yearly turnover of the Executive Committee. In odd years, there will be three (3) members elected and two (2) at-large members appointed and in even years there will be three (3) members elected and two (2) at-large members appointed in addition to the election of the President-Elect position.

First Read

Proposal Summary:

As per “Continued Success” language in bylaws 1605.1.c.5-Basketball, 2600.5.d.5-Soccer and 3303.8.a.5-Wrestling, staff may present to the Board of Managers recommendations to move schools up a division, after consulting with the SJS Executive Committee on April 18, 2023.

A formal proposal MAY be distributed/presented at the Board of Managers meeting on April 26, 2023.

Continued Success:

If a school has maintained continued success over several years but has not won three straight Section titles, the Section Commissioner (in consultation with the Executive Committee) may recommend to the board that a school be moved to a higher division. Continued success may include, but not be limited to, the following:

- * *Section semifinalists or finalist for four or more years in a row with a least one Section title; or*
- * *Four Section titles in a span of six years.*

Fiscal Impact:

None

Rationale:

The reason for developing the bylaw language under “Continued Success” was to have additional criteria, beyond the “three in a row” language that would allow staff to review the success of schools in specific sports and make recommendations for movement should those schools maintain great success (other than winning a Section title), thus maintaining a competitiveness for them and all membership.

Proposal Summary:

After discussions/action with the Executive Committee, staff may present to the Board of Managers a recommendation to increase the current SJS Playoff Ticket Prices, effective fall playoffs 2023-24.

Fiscal Impact:

TBD

Rationale:

Post pandemic, the organization continues to see increased prices for services, facilities, officials, associated with conducting playoffs for all sports.
